Time: 14:00 - 15:00

PART II

Instructions

- All questions are compulsory and each question carries 10 marks
- If required only one supplement of 8 pages will be provided.

Q1A. *"The Guide recognizes that there are no "canned" solutions to countertrade, but rather the contract terms will and should vary from transaction to transaction. The Guide adopts a checklist or road map approach to international countertrade transactions. Instead of seeking to dictate a solution to specific problems (for example, pricing and linkage), the Guide illuminates the parameters of the issues that arise in these complex transactions."*

In above paragraph identify the term "Guide" refers to which of the UNCITRAL law and provide a broad structural framework of the identified law along with its loopholes. (CO2)

OR

Q1B. *"The New York Convention of 1958 could be appraised as a new means in the hands of private businessmen for facilitating these relations. As previously discussed, the text and the "travaux préparatoires" of the Treaty lead to the conclusion that a state which has agreed to submit to arbitration a dispute having the nature of private law should comply with the resulting arbitral award"*

In the light of above statement elaborate on applicability of the New York Convention of 1958 to

- Disputes between States
- State Entities and Private Individual

(CO3)

Q2A. Write a short note on the United Nations Convention on International Bills of Exchange and International Promissory Notes, 1988 with reference to:

- Meaning of International Bill of Exchange and Promissory Note
- Transfer of Instruments

(CO2)

OR

Q2B. Write a short note on the United Nations Convention on the Carriage of Goods by Sea, 1978 with respect to its:

- Historical evolution and current status
- Scope

(CO2)

PART II**Instructions**

- All questions are compulsory and each question carries 10 marks
- If required only one supplement of 8 pages will be provided.

Q1A. "Money laundering is the illegal process of converting money earned from illegal activities into "clean" money –money that can be freely used in legitimate business operations and does not have to be concealed from the authorities." Considering the above statement, elaborate:

- (i) Meaning and concept of money laundering (CO5)
- (ii) Method or stages of its operation.

OR

Q1B. "Regarding taxation, there are two concepts: the first is tax avoidance, and the other is tax evasion."

- (i) Discuss the concept of financial fraud with reference to tax evasion.
- (ii) Also, elaborate on the approaches that can be adapted to measure such taxation frauds. (CO4)

Q2A. "Corporate fraud consists of activities undertaken by an individual or company that are done dishonestly or illegally and are designed to give an advantage to the perpetrating individual or company. Companies adopt various modus-operandi to commit such corporate frauds, which may include misinformation in the prospectus."

What is the meaning of the above statement? Discuss the same with the help of relevant sections of the Companies Act, 2013. (CO3)

OR

Q2B. "Financial Frauds are committed by people who enjoy high social status, reputation and respect in their occupation."

- (i) Explain the meaning and the categories of these types of crimes.
- (ii) Also, evaluate the criminological approach behind these crimes. (CO1)

Batch: 2019-24

Semester: X

Course: Insurance Law

Course Code: 0103231004

Date: 09/05/2024

Day: Thursday

Maximum Marks: 30

Time: 14:00 - 15:00

PART II**Instructions**

- All questions are compulsory and each question carries 10 marks
- If required only one supplement of 8 pages will be provided.

Q1A. *"In the world of marine insurance, understanding and mitigating the hazards is paramount to safeguarding the interests of ship-owners, cargo owners, and insurers alike. Navigating the vast and unpredictable oceans has been a quintessential part of human history, facilitating trade, exploration, and cultural exchange. However, alongside its allure lies a multitude of risks and perils that have challenged seafarers for centuries."*

In the light of above mentioned statement explain what are the hazards of the sea called? Substantiate your answer with relevant provisions highlighting the insurable hazards of marine insurance policy. (CO3)

OR

Q1B. Write a short note on the following aspects of fire insurance policies-

(CO3)

- Average clause.
- Reinstatement clause in a fire policy.
- Valued policy.
- Floating policy

Q2A. *"The one who is born in this world, shall perish one day".*

In the light of this statement analyze how life insurance is a special kind of insurance while elaborating upon the various kinds of the life insurance policies. (CO2)

OR

Q2B. i) Johnny insured his truck with Global Insurance Company and then later with another company called Helpful Insurance Company. Johnny's truck becomes liable for damages to a bike. Which insurance company is liable to compensate the loss to bike rider? (CO3)

ii) *"Prior to 1930, there was no law of compulsory insurance in respect of third party rights in England. As and when an accident took place an injured used to bring action against the motorist for recovery of damages. But in many cases it was found that the owner of the offending vehicle had no means to pay to the injured or the dependant of the deceased and in such a situation the claimants were unable to recover damages. It is under such circumstances that various legislations were enacted."*

The abovementioned statement stresses upon a particular kind of Motor Vehicle Insurance policy. Identify the insurance policy and substantiate your answer with relevant provisions of domestic legal framework. (CO3)

Q1A. Elucidate the legal position of smart contracts in India and Explain how AI powered smart-contracts in data processing are regulated under India and EU laws (CO3, 4)

OR

Q1B. Imagine AI as an legal entity recognized by law of land and examine its role and responsibility as *Data fiduciary* in Health care sector as enumerated under the Digital Personal Data Protection Act, 2023 (CO2,4)

Q2A. According to the Indian Penal Code, 1860, *mens reas* and *actus reus* are both essential for imposing criminal liability on an individual. In this context, discuss the position of rule of law pertaining to AI liability with the help of case laws. (CO2, 4)

OR

Q2B. In 1981, a 37-year-old Japanese employee of a motorcycle factory was killed by an artificial-intelligence robot working near him. The robot erroneously identified one of the workers as a threat to its mission, and calculated that the most efficient way to eliminate this threat was by pushing him into an adjacent operating machine. Using its very powerful hydraulic arm, the robot smashed the surprised worker into the operating machine, killing him instantly, and resumed its duties with no intention to interfere with its mission. Who is to be held liable for this cold blooded, premeditated murder? (CO2, 3)
